MUHAMMAD SUBHAN

FULL-STACK DEVELOPER

UMT Boys Hostel, Iqbal Avenue Phase 1,Lahore | subhanbhatti13450@gmail.com | +92-324-6100700

ABOUT ME

Full-Stack Web Developer with hands-on experience building responsive and interactive web applications using React, JavaScript, Tailwind CSS, Node.js, and FastAPI. Experienced in developing authentication systems, integrating REST APIs, working with React Router, and deploying projects using Git and Netlify. Strong problem-solving mindset with a passion for learning modern web technologies and turning ideas into functional, user-friendly web solutions. Seeking an opportunity to contribute technical skills and grow within a professional development team.

AREA OF EXPERTISE

Frontend Development: React.js, JavaScript, HTML5, CSS3

UI & Styling: Tailwind CSS, Responsive Web Design

Backend Development: FastAPI

Programming: C++, JavaScript

Web Application Development: React Router, Authentication, REST API Integration

Development Tools: Git, GitHub, Netlify

PROFESSIONAL EXPERIENCE

Web Developer — Independent Projects **Sep 2025 - Present**

- Developed responsive web applications using React.js, JavaScript, HTML, CSS, and Tailwind CSS.
- Built authentication, routing, reusable components, and interactive user interfaces.
- Integrated REST APIs and FastAPI for backend functionality and data handling.
- Used Git/GitHub for version control and Netlify for project deployment.
- Built and deployed multiple practical projects while continuously improving full-stack development skills.

Social Media Marketing — Freelance Experience **Feb 2026 - July 2026**

- Managed and developed social media content for platforms such as Facebook, Instagram, and LinkedIn.
- Created and organized engaging content to improve brand visibility and audience engagement.
- Planned content schedules and maintained consistent social media presence.

C++ Developer Intern — Arch Technologies **Feb 2026 - March 2026**

- Developed and practiced C++ programming using object-oriented programming concepts.
- Worked with classes, objects, inheritance, polymorphism, functions, arrays, and data structures.
- Applied problem-solving and logical programming skills to practical coding tasks.
